FDD Abstract [REDACTED]

25X1A

REPORT OF THE HV CHEMICALS (28 pp; German; [REDACTED]  
distribution date 17 July 1952).

25X1A

25X1X

25X1 [REDACTED] The first page of this photostated document is a semi-monthly report, dated 3 November 1951, of the Photographic Division of the HV (Main Administration) for Chemicals in the Ministry of Heavy Industry. It gives plan fulfillment figures for a half-dozen items and mentions a few difficulties in production.

The next 8 pages consist of a report of the State Secretariat of Stones and Earths on investments of the HV for Chemicals during November 1951. Total investments <sup>that month</sup> amounted to 141,504,100 DM. The report covers individual enterprises which are grouped under the following general headings: D-Enterprises (presumably directly under the HV); VVB Alcid; VVB Organa; VVB Potash and Salts; (VVB) Carbon Products; VVB Oxyka; VVB Plasta; VVB Varnish and Paints; VVB Pharmaceuticals; VVB Sapotex, VVB Kautas and VVB Alkali.

The next 6 pages are a tabular report on investments of the HV Chemicals for December 1951. <sup>handwritten on printed government forms; GDR</sup>

The remainder of the document is a tabular report of the HV Chemicals for November 1951, which gives such information as wages, work ~~max~~ ~~stand~~ standards, employment, etc. This information is broken down for the various enterprises within the HV. <sup>also on printed government forms; GDR</sup>

/Foreign language document or microfilm of it [REDACTED] is available in the CIA Library, [REDACTED]
